

7 & 8 Bletsoe with Stephen Jaquest and Keith Risley's van. 1950s.

Stephen lived at number 7 with his parents David & Daisy Jaquest, until they moved to Bourne End council houses. This is one of only two known photographs that show any detail of these properties, which were demolished in the early 1960s to make way for the village hall and Bennets Close. Constructed of thatch over flemish bond brick and probably built in the late C18th or early C19th.
